Tip of Antenna (Feet): 410'  
AAT (Meters):(based upon ant height 125 meters ) 134

Latitude (NAD83): 28 27 46  
Longitude (NAD83): 97 46 51  
Ground Elevation (Meters): 94  
Tower Height (Meters): 122  
Tip of Antenna (Meters): 125  
AAT (Meters):(based upon ant height 125 meters ) 134

## Existing Callsign at site:

Phone Lines: 25 pairs come into the main equipment room.

Backup Power: Generator and Battery

Community Satellite Dish: None

Additional Antennas: Space available on the tower for additional antennas

Our Beeville tower site is located in Beeville Texas at a ground elevation of 308 feet. The radio equipment is located inside a prefab radio building with a tower immediately adjacent to the building. The radio room has ample power, air conditioning and has space for racks and cable trays.

The site has a 360 degree view from the top of the tower. The site covers the City of Beeville,

We do not have Rx multicoupling available at the site.

We do not have Tx combining available at the site.

All systems require their own antennas.
